### **Bookstore Orders with Expert TA**

Expert TA is an educational software company with an online homework platform for introductory Physics courses. Our homework system contains a library of independent problems organized into chapters and sections called *Expert TA's Introduction to Physics*.

**ISBN:** 9780996164603

**Tax ID:** 26-4649411

In order to submit a bookstore request for access codes, please to contact an Account Executive (listed below) with the following information:

- Student enrollment or the total number of codes required
- Course Title and Instructor
- The bookstore representative's name and email
- The Purchase Order number

The standard cost for students to purchase Expert TA through our website is \$32.50. This is the cost to use Expert TA for one semester. We do provide a discount of 6.25% for any codes directly purchased by bookstores, resulting in a cost of \$30.47 per code.

Access codes are not bound to a specific term, and can be kept on file with the bookstore for subsequent terms. Additionally, students will still need to register online with Expert TA to create an account, and use the access card as their method of payment to complete their registration.
