ISBN: 9781953394101

Retail Cost: \$35.00

Steps to order Expert TA Access Codes

Go to <https://theexpertta.com/support/bookstore-orders/> and fill out our bookstore order form or email support@theexpertta.com. Please include the following details when you order:

- College or University Name
- Bookstore billing information
- Purchase order number
- ISBN number(s)
- Total number of codes requested
- Attach a copy of your purchase order, if available

Expert TA access codes allow a single student access to one Expert TA class for one semester/quarter and are valid until redeemed. This means that access codes do not expire and are not bound to a specific term. This allows bookstores to re-inventory access codes for a future term if they have any left over from the current term.

Expert TA offers a discount to bookstores which can vary between products. For more information on discounts ask your account manager or email us at support@theexpertta.com.

Order fulfillment is digital (PDF) by email and usually completed in 1-2 business days.

Returns are possible but must be approved in advance. See our return policy for additional details.

If you have any questions please contact your school's dedicated account manager or you can email support@theexpertta.com.
